## **Advantages**

The assembly time is reduced by over 60% compared to an installation with traditional construction system, with a clean, fast, and quiet product.

Absolutely respectful with the environment, both in the assembly process and industrial development.

Ease of assembly, makes this product highly simple to operate complying with the higher safety standards.

## **Characteristics**

Multi-purpose technical solution for every building, they can be adapted to the different constructive requirements. TC series are designed to be integrated in the existing building and its environment.

Ceiling (metal sheet or glass)

Canopy over door (metal sheet or glass)
